excellence in life'*

OUR MISSION

Connecting Governed Governing Governance

ABOUT US

Connectivity is the buzz word of modern life. Good connectivity creates activity. The connectivity with government takes the citizen to the field of governance. Connecting the governed with the government is an ambition. This platform is intended to achieve that purpose. We listen to people and make the governance listen to them. we intent to be an emissary of the common people in their tryst with the governance of a welfare state - INDIA - A Nation constructed by “We the people of India.

WHO ARE WE

Society is driven through the politically organised state. State becomes live only with a lively government. In the earlier times the thinking was that ‘that government is best which governs least’. With the modern welfare state, the dictum has changed to mean, ‘that government is best which governs most’. Thus, governance has become unwieldy today. Citizens must confront government for umpteen issues. Getting justice more often an impossible thing Going to the court of law is an exception rather than a rule for ordinary citizens. Similarly getting justice from the government is also an exception rather than a rule for the common man. In such circumstances a platform to solve the real-life problems of the citizens is part of a grant mission. CG3 aims to accomplish this ambition through connecting the governed with government and governance. Those who have lost their way in the wilderness of busy life we show them the correct path.

WHAT WE DO

Giving sustenance to one person is worth more than preaching to a thousand persons. Access to justice to the deprived and disconnected citizens by connecting them to the benefits of governance is the avowed motto of CG3. Facilitating the needy individually, collectively and improving the dealings with the state, its instrumentalities and agencies is the policy. This requires an organised team of enterprising entrepreneurs. The activities also include dissemination of information, updating of legal literacy positions, conducting seminars and workshops, publication of literature pertaining to human right activities and various connected programs.

Mrs. Hema Girish, Principal
Kendriya Vidyalaya , NTPC
Kayamkulam

"It was an insightful interactive session on Social Media and Teenagers, Many parents contacted to inform some visible and positive changes in student behaviour after the session. These kind of programmes can bring real changes and wish it could reach more students"

Shri Ninan Koshy
Head Master ,
MTHS Ayiroor

"LAMP (Legal Awareness and Motivational Programme), an initiative for making students aware of their human rights, was conducted at MTHS Ayroor through Google Meet on the 22nd of July, 2021. It was a very fruitful programme. This event empowered our students to demand justice, helped instill a sense of accountability in them and made them aware of their legal rights. I take this opportunity to express my profound gratitude to Dr. K. P. Kylasanatha Pillay, former student of MTHS Ayroor and Senior Advocate of Supreme Court of India for the initiative in organizing this event in our school. I must convey my deep sense of appreciation for your concern towards the welfare of the school. I whole-heartedly thank CG3, the organizing team, volunteers for working hard during the past few days to make this webinar successful. I also, extend my sincere thanks to Advocate Bindhu for her valuable presence and for presenting the vote of thanks during the event. The students and parents responded positively to this programme. Once again I take this opportunity to thank all the members who worked to put this event together. Kindly accept my endless gratitude".
